All Public Officers of Government sending Advertisements to the *Calcutta Gazette* for Publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,
FINANCIAL DEPARTMENT,
THE 15TH JUNE, 1838.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

a. For Company's Rupee for Advances made at	Bengal.
Ditto	Ditto
Ditto	Ditto
Per Spanish Dollar, Ditto	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk, as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoinage, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations :

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees ; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

The first Lot of which will be sold to the highest bidder with option as already provided.

FINANCIAL DEPARTMENT,
THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto	Madras.
Ditto	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Clause 3d.—Provided also, that nothing contained in this Act shall be held to interfere with the jurisdiction defined in Clauses 3, 4, and 5 of Section XXXI. Regulation XVII. of 1827, of the aforesaid Code, which shall continue to be exercised by the Revenue Courts.

II. And it is hereby enacted, that if a Suit be presented in the Court of a Judge or Collector, which such Judge or Collector shall not deem within his jurisdiction, the party presenting such Suit shall be referred by the Court in which it may be first presented to that in which, in the opinion of such Court, the jurisdiction lies, and the latter Court shall, in the event of its doubting its jurisdiction in the case, refer the question of jurisdiction to the Sudder Dewanny Adawlut, whose decision on the point shall be final.

III. And it is hereby enacted, that if a Suit be presented in any Court subordinate to the Court of a Judge or Collector, which Suit such subordinate Court shall not deem to be within its jurisdiction, such subordinate Court shall submit the case to the Judges or Collectors' Court to which such subordinate Court is subordinate, and if the superior Court to which the case is so submitted shall be of opinion that such subordinate Court has jurisdiction in the case, such superior Court shall direct such subordinate Court to proceed with the case, and if such superior Court shall be of opinion that such subordinate Court has not jurisdiction in the case, such superior Court shall proceed in the manner directed in the last preceding Section.

IV. And it is hereby enacted, that whenever a Court of Adawlut or a Revenue Court shall have entered on its file, under this Act, a Suit in which it has not jurisdiction, it shall be competent to the Sudder Dewanny Adawlut, either on a reference from the Judge or Collector, (as the case may be), or on application from the parties, to direct that the Suit be transferred, with all the proceedings which may have taken place therein up to the period of transfer, to the Court possessing jurisdiction, which shall proceed therewith as if the Suit had been originally filed in that Court.

V. And it is hereby enacted, that when any Court trying an appeal finds that the action was originally brought and decided in a Revenue Court, when it ought to have been brought and decided in a Court of Adawlut, or Court subordinate thereto, or, in a Court of Adawlut, or a Court subordinate thereto, when it

ought to have been brought and decided in a Revenue Court, the Court trying the appeal, shall, instead of quashing the whole proceedings, annul only the decree and refer the Suit to be tried in the Court to which the jurisdiction properly belongs, without further costs of stamps to the parties, except on new exhibits, if any such should be allowed to be filed; and the Court trying any such case referred under the foregoing Section shall take further pleadings, exhibits, and evidence, only if it deem such necessary, and shall pass a new decree; but if the appeal be made by the party originally bringing the appeal, then such decree shall be passed without the cost of a new stamp on the petition of appeal to that party.

VI. And it is hereby enacted, that all original Suits and Appeals relating to any of the subjects enumerated in Clause 1st Section I. of this Act, which may be depending in the Revenue Courts shall be forthwith transferred to the Courts of Adawlut; and in all cases where the right of appeal may now be open, the appeal shall be brought to the Court to which, under the Rules of this Act, such appeal shall lie.

Alexander, to be Joint Magistrate and Deputy Collector of Alchahal, that Gentleman is authorized to perform his duties from Boohundshuhur till the 1st of June next. GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL.

SIMLA, 2d MAY, 1838.

The Right Hon'ble the Governor General of India has much pleasure in publishing to the Army, the following paragraphs of a Letter from the Hon'ble the Court of Directors, in the Military Department, to the address of the Governor General of India in Council, No. 7 of 1837, dated the 29th of November last.

"Reply to Military Letter, dated 14th February, 1837, (No. 20.)"

Submit for Court's favorable consideration, five Memorials from Officers of the Bengal Army, praying that, for the reasons stated, the Court will recall their Orders of 6th June 1798, requiring from an Officer, about to retire on pension, a declaration on oath, that he had not received, and would not receive any pecuniary or other gratification or compensation for so retiring. Government consider, that the practice which has for some time obtained, altho' now for the first time brought to notice, of inducing Time-expired Officers, under the rank of Lieutenant Colonel, to retire from the Service, must conduce to the contentment of the Officers, and to the efficiency of the Army.

we cannot contemplate the possibility of sanctioning any measure which would infringe upon the integrity of Regimental rise; and, in reply to the remainder of his Memorial, that we see no necessity for interfering with the arrangements which the Junior Officers of a Regiment may make, in individual cases, for adding to the comforts of a Senior Officer, on his retirement from the Service upon the pension to which he may be entitled.

Para. 1. The Memorials now submitted to us consist of the Memorial of Lieutenant Colonel Powell, of the Bombay Army, the important subject of which we informed the Government of Bombay, we would notice in our correspondence with the Government of India.

2. We now desire, that you will cause Lieutenant Colonel Powell to be informed, through the Government of Bombay, in reply to that part of his Memorial which indicates a wish for Line Promotion in certain cases below the rank of Major, that we

3. The Regulation of 1798, requiring Officers upon retirement to make oath, that they have received no pecuniary consideration for quitting the Service, has not been enforced by us in any single case of retirement in England, during the period of nearly forty years which has since elapsed. It was established chiefly upon financial grounds, to prevent (as observed by Lord Cornwallis when recommending other rules for the same object) "an unreasonable load of Pensions." This presumed necessity for the rule has however not yet been felt; on the contrary, additional facilities have been required and have been given, for enabling Officers to retire upon full pay: we shall therefore continue to suspend the operation of the Rule, and Officers retiring from time to time will not be called upon to make the declaration, unless the financial necessity to which we have referred (and of which due notice shall be given) shall at a future period be fully realized."

REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof

and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

The following Extract from the Proceedings of the Hon'ble the President in Council, in the Legislative Department, under date the 14th May, 1838, is published for general information.

Read a second time the Draft of proposed Act dated the 11th December 1837, and published in the *Calcutta Gazette* of the 16th of the same month, respecting the transfer of certain Suits from the Collector's Department to the Civil Courts of Bombay.

Resolution.—The Hon'ble the President of the Council of India in Council resolves that the following Amended Draft on the subject be re-published for general information :

ACT No. — of 1838.

I. *Clause 1st.*—It is hereby enacted, in modification of the Rules contained in Chapter VIII. Regulation XVII. of 1827, of the Bombay Code, that in the Territories subject to the Presidency of Bombay, all Suits in regard to tenures, and the nature and extent of the interest and advantage which in virtue thereof should be enjoyed by the parties concerned, and all Suits in which the right to possession of land, or of the wuttans of hereditary district or village Officers is claimed, shall be brought in the Courts of Adawlut and the Courts subordinate thereto, and not in the Courts of Revenue.

Clause 2d.—Provided nevertheless, that it shall be lawful for the Revenue Authorities to give immediate possession of all Lands, Premises, Trees, Crops, Fisheries, and of all profits arising from the same, to any party dispossessed of the same or of the profits thereof, after being in possession for the space of three months. And in order to the due execution of such power, it shall be lawful for the Revenue Authorities to determine all disputes touching the facts of such possession of property, and the dispossession thereof;—and the party to whom the Revenue Authorities shall so give immediate possession, shall continue in possession, until ejected by a decree of a Court of Adawlut.

Clause 3d.—Provided also, that nothing contained in this Act shall be held to interfere with the jurisdiction defined in Clauses 3, 4, and 5 of Section XXXI. Regulation XVII. of 1827, of the aforesaid Code, which shall continue to be exercised by the Revenue Courts.

II. And it is hereby enacted, that if a Suit be presented in the Court of a Judge or Collector, which such Judge or Collector shall not deem within his jurisdiction, the party presenting such Suit shall be referred by the Court in which it may be first presented to that in which, in the opinion of such Court, the jurisdiction lies, and the latter Court shall, in the event of its doubting its jurisdiction in the case, refer the question of jurisdiction to the Sudder Dewanny Adawlut, whose decision on the point shall be final.

III. And it is hereby enacted, that if a Suit be presented in any Court subordinate to the Court of a Judge or Collector, which Suit such subordinate Court shall not deem to be within its jurisdiction, such subordinate Court shall submit the case to the Judges or Collectors' Court to which such subordinate Court is subordinate, and if the superior Court to which the case is so submitted shall be of opinion that such subordinate Court has jurisdiction in the case, such superior Court shall direct such subordinate Court to proceed with the case, and if such superior Court shall be of opinion that such subordinate Court has not jurisdiction in the case, such superior Court shall proceed in the manner directed in the last preceding Section.

IV. And it is hereby enacted, that whenever a Court of Adawlut or a Revenue Court shall have entered on its file, under this Act, a Suit in which it has not jurisdiction, it shall be competent to the Sudder Dewanny Adawlut, either on a reference from the Judge or Collector, (as the case may be), or on application from the parties, to direct that the Suit be transferred, with all the proceedings which may have taken place therein up to the period of transfer, to the Court possessing jurisdiction, which shall proceed therewith as if the Suit had been originally filed in that Court.

V. And it is hereby enacted, that when any Court trying an appeal finds that the action was originally brought and decided in a Revenue Court, when it

ought to have been brought and decided in a Court of Adawlut, or Court subordinate thereto, or, in a Court of Adawlut, or a Court subordinate thereto, when it ought to have been brought and decided in a Revenue Court, the Court trying the appeal, shall, instead of quashing the whole proceedings, annul only the decree and refer the Suit to be tried in the Court to which the jurisdiction properly belongs, without further costs of stamps to the parties, except on new exhibits, if any such should be allowed to be filed; and the Court trying any such case referred under the foregoing Section shall take further pleadings, exhibits, and evidence, only if it deem such necessary, and shall pass a new decree; but if the appeal be made by the party originally bringing the appeal, then such decree shall be passed without the cost of a new stamp on the petition of appeal to that party.

VI. And it is hereby enacted, that all original Suits and Appeals relating to any of the subjects enumerated in Clause 1st Section I. of this Act, which may be depending in the Revenue Courts shall be forthwith transferred to the Courts of Adawlut; and in all cases where the right of appeal may now be open, the appeal shall be brought to the Court to which, under the Rules of this Act, such appeal shall lie.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 10th day of July next.

REWARD OF ONE THOUSAND (1000)

RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of tightness, cheapness, and strength.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk: as the East India Company will not undertake to effect any Insurance upon them.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 14TH MAY, 1838.**

The following Extract from the Proceedings of the Hon'ble the President in Council, in the Legislative Department, under date the 14th May, 1838, is published for general information.

Read a second time the Draft of proposed Act dated the 11th December 1837, and published in the *Calcutta Gazette* of the 16th of the same month, respecting the transfer of certain Suits from the Collector's Department to the Civil Courts of Bombay.

Resolution.—The Hon'ble the President of the Council of India in Council resolves that the following Amended Draft on the subject be re-published for general information :

Act No. — or 1838.

I. Clause 1st.—It is hereby enacted, in modification of the Rules contained in Chapter VIII. Regulation XVII. of 1827, of the Bombay Code, that in the Territories subject to the Presidency of Bombay, all Suits in regard to tenures, and the nature and extent of the interest and advantage which in virtue thereof should be enjoyed by the parties concerned, and all Suits in which the right to possession of land, or of the wuttuns of hereditary district or village Officers is claimed, shall be brought in the Courts of Adawlut and the Courts subordinate thereto, and not in the Courts of Revenue.

Clause 2d—Provided nevertheless, that it shall be lawful for the Revenue Authorities to give immediate possession of all Lands, Premises, Trees, Crops, Fisheries, and of all profits arising from the same, to any party dispossessed of the same or of the profits thereof, after being in possession for the space of three months. And in order to the due execution of such power, it shall be lawful for the Revenue Authorities to determine all disputes touching the facts of such possession of property, and the dis-possession thereof;—and the party to whom the Revenue Authorities shall so give immediate possession, shall continue in possession, until ejected by a decree of a Court of Adawlut.

Clause 3d.—Provided also, that nothing contained in this Act shall be held to interfere with the jurisdiction defined in Clauses 3, 4, and 5 of Section XXXI. Regulation XVII. of 1827, of the afore-said Code, which shall continue to be exercised by the Revenue Courts.

II. And it is hereby enacted, that if a Suit be presented in the Court of a Judge or Collector, which such Judge or Collector shall not deem within his jurisdiction, the party presenting such Suit shall be referred by the Court in which it may be first presented to that in which, in the opinion of such Court, the jurisdiction lies, and the latter Court shall, in the event of its doubting its jurisdiction in the case, refer the question of jurisdiction to the Sudder Dewanny Adawlut, whose decision on the point shall be final.

III. And it is hereby enacted, that if a Suit be presented in any Court subordinate to the Court of a Judge or Collector, which Suit such subordinate Court shall not deem to be within its jurisdiction, such subordinate Court shall submit the case to the Judges or Collectors' Court to which such subordinate Court is subordinate, and if the superior Court to which the case is so submitted shall be of opinion that such subordinate Court has jurisdiction in the case, such superior Court shall direct such subordinate Court to proceed with the case, and if such superior Court shall be of opinion that such subordinate Court has not jurisdiction in the case, such superior Court shall proceed in the manner directed in the last preceding Section.

IV. And it is hereby enacted, that whenever a Court of Adawlut or a Revenue Court shall have entered on its file, under this Act, a Suit in which it has not jurisdiction, it shall be competent to the Sudder Dewance Adawlut, either on a reference from the Judge or Collector, (as the case may be), or on application from the parties, to direct that the Suit be transferred, with all the proceedings which may have taken place therein up to the period of transfer, to the Court possessing jurisdiction, which shall proceed therewith as if the Suit had been originally filed in that Court.

V. And it is hereby enacted, that when any Court trying an appeal finds that the action was originally brought and decided in a Revenue Court, when it

ought to have been brought and decided in a Court of Adawlut, or Court subordinate thereto, or, in a Court of Adawlut, or a Court subordinate thereto, when it ought to have been brought and decided in a Revenue Court, the Court trying the appeal, shall, instead of quashing the whole proceedings, annul only the decree and refer the Suit to be tried in the Court to which the jurisdiction properly belongs, without further costs of stamps to the parties, except on new exhibits, if any such should be allowed to be filed; and the Court trying any such case referred under the foregoing Section shall take further pleadings, exhibits, and evidence, only if it deem such necessary, and shall pass a new decree; but if the appeal be made by the party originally bringing the appeal, then such decree shall be passed without the cost of a new stamp on the petition of appeal to that party.

VI. And it is hereby enacted, that all original Suits and Appeals relating to any of the subjects enumerated in Clause 1st Section I. of this Act, which may be depending in the Revenue Courts shall be forthwith transferred to the Courts of Adawlut; and in all cases where the right of appeal may now be open, the appeal shall be brought to the Court to which, under the Rules of this Act, such appeal shall lie.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 10th day of July next.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 21ST MAY, 1838.

The following Draft of a proposed Act was read in Council for the first time on the 21st May, 1838.

ACT. No. — of 1838.

I. It is hereby enacted, that from the day of , the following rules shall be in force for regulating the assessment and collection of the rents payable to Government in the settlements of Prince of Wales' Island, Singapore and Malacca.

II. And it is hereby enacted, that if any person shall hold or occupy any land within any of the settlements aforesaid, for which such person shall not have obtained a grant or title, or if the grant or title under which such person claims to hold or occupy any land shall be decided by the Commissioner appointed under Act X. of 1837, or by other competent authority to be invalid, such land shall be liable to assessment, and shall be assessed in such manner, at such rate, and under such conditions, as the Commissioner or other competent authority aforesaid, or as the Collector acting under the instructions of the Governor of Bengal, shall determine.

III. And it is hereby enacted, that if any person holding or occupying land in the manner set forth in the preceding section shall refuse to engage for or to remove from the land within one month from the date on which he shall be called upon by the Collector to enter into such engagement, or so to remove from it, it shall be lawful for the said Collector to eject such person from the land so held or occupied, and to take and hold possession of the same on the part of Government, to be disposed of in such manner as the Governor of Bengal may direct.

IV. And it is hereby enacted, that all Magistrates and Police Officers shall aid and assist the Collector and his Officers in the due exercise of the power of ejectment conferred upon the said Collector by the foregoing Section, and any holder or occupier of land who shall resist or cause to be resisted the exercise of the said power, and any person who shall be aiding and abetting in such resistance, shall, on conviction before a Magistrate, be punished by fine not exceeding one thousand Rupees, or in default of payment of the fine, by imprisonment not exceeding six months.

V. And it is hereby enacted, that after the date on which this Act shall be in force in the settlements aforesaid, any person desirous of clearing and occupying waste and forest lands for the purposes of agriculture, shall make application to the Collector of Land Revenue, who is hereby authorised to measure and assess the land, and to grant a lease for the same, in such manner, and under such conditions, as the Governor of Bengal may from time to time prescribe. And if, by reason of the density of the jungle or other obstacles, it should be found impracticable to cause immediate measurement to be made of land so to be leased, it shall be competent to the Collector to issue to such applicant a permit or written authority, of which the number, date, and all essential particulars shall be entered in a Register to be kept for that purpose, to clear and occupy such land, subject to the conditions, on which a lease would have been granted. And on all land occupied under any such permit so issued, it shall be lawful for the Collector to demand and enforce the payment of rent in like manner as if a regular lease had been granted. And the Collector shall, with all practicable despatch, cause all land so occupied to be measured, and after such measurement the permit shall be called in and cancelled, and in lieu thereof a lease shall be issued, the term of

which shall commence from the date of the permit. Provided, however, that it shall not be competent to a Collector to grant any lease of lands for a term exceeding twenty years, renewable on such conditions as the Governor of Bengal may direct for a further period of thirty years.

VI. And it is hereby enacted, that upon granting any lease under the Provisions of the foregoing Section, the Collector shall require the applicant to set up good and solid landmarks by which the boundaries of the ground to be occupied by him shall be plainly defined; and it shall be a condition in every lease so granted that the lessee is to maintain all such landmarks in substantial repair. And if it shall be proved to the satisfaction of the Collector, that, notwithstanding this condition, such landmarks have not been kept in good repair, it shall be competent to the Collector to cause the proper repairs to be made, and to levy three times the cost of such repairs from the holder or occupier of the land, the amount to be levied by the process provided for the collection of rents. And the Collector or his Officers shall at all times have the right of free access to such land for the purpose of inspecting and directing the construction or repair of the landmarks; and any person resisting them in the exercise of this right shall be punished in the manner provided in the IV. Section of this Act.

VII. And it is hereby enacted, that all applications to hold or occupy lands for a term exceeding that specified in Section V., for the purpose of erecting houses or other durable works on such lands beyond the limits of the principal towns in the settlements aforesaid, shall be forwarded by the Collector to the Governor of Bengal, who will grant or reject such applications as in his judgment may seem fit.

VIII. And it is hereby enacted, that every lease granted under the Provisions of this Act shall be signed by the Collector for the time being, and shall specify the name of the lease-holder, the quantity and boundaries of the land included in the lease, and the rate of rent to be paid per acre per annum: which particulars, together with any other conditions material to the rights of Government, and of the party obtaining the lease, shall be entered in a Register to be kept in the Collector's office for that purpose.

IX. *Clause First.*

And it is hereby enacted, that whenever the rent of any grant, lease or assignment of land within any of the settlements aforesaid, whether in money or in kind, shall fall due, payment thereof shall be made by the holder or occupier of the land at the office of the Collector, or to such person as shall be authorized to receive the same, and on failure of such payment, the holder or occupier of the said land shall be held to be a defaulter, and may be proceeded against in the manner following.

Clause Second

When an arrear of rent shall have become due, the Collector shall demand payment of it by a notice of demand, in writing, stating the amount of the arrear, and requiring the defaulter to make good the same within fifteen days from the date of the service of the notice, and informing him that in default of payment within the period specified, the amount of the arrear due, together with the costs of process, will be recovered by the attachment and sale of any personal property found on the land, and of the produce of his land.

Third Clause.

The notice of demand shall be served by the delivery thereof to the defaulter, or to his steward or other manager of the land, or by being stuck up at the ordinary place of residence of the said defaulter.

Fourth Clause.

For the service of the aforesaid notice one Rupee shall be charged to the defaulter, and shall be leviable, if not paid on demand, in the same manner as arrears of rent.

Fifth Clause.

Whenever an arrear of rent, either in money or in kind, shall be demanded in the manner above prescribed, and shall not be discharged, it shall be lawful for the Collector to issue an attachment against the personal property of the defaulter and against the produce of his lands, and to seize by virtue of such attachment, any effects belonging to the said defaulter, or any crops which may be found upon the land on account of which the arrear may be due, and to bring

the same to sale by public auction at the Collector's office or elsewhere, five days previous notice of such sale being stuck up at some conspicuous spot, and at the place where it is intended to bring the crop, or other property, to sale.

Sixth Clause.

The attachment shall be made by an Officer deputed for the purpose, who shall publicly notify the attachment of the crop, and shall set his seal on any other property attached, and take an inventory thereof; and it shall be competent to the said Officer to require the assistance of the Police in case of resistance to his authority, or of any attempt to remove the crop or other property from the premises, for the purpose of defeating the process.

Seventh Clause.

For an attachment made in pursuance of the foregoing rules, whether a sale shall actually take place or not, two Rupees shall be charged to the defaulter, and shall be leviable, if not paid on demand, by the sale of a portion of the attached property.

Eighth Clause.

If an arrear of rent, either in money or in kind, due by a person holding the land by absolute grant cannot be recovered by the attachment and sale of the crop, or personal property of the defaulter, and the arrear shall not be discharged within six months from the date of the notice of demand prescribed by the Second Clause of this Section it shall be lawful for the Collector to bring to sale the land on account of which the arrear shall have been demanded, in the manner following.

Ninth Clause.

An advertisement shall be stuck up for not less than twenty days before the sale, in the Collector's Office, and in the Court of Justice situated nearest to the land specifying the description of the land, the name of the defaulter, the amount of the arrear, the time and place of the intended sale, and the conditions thereof. The sale shall be conducted by Public Auction, in the presence of the Collector, the highest bidder shall be declared the purchaser, and the proceeds of the sale, after deducting the arrear originally due to Government, with interest thereon at 12 per Cent. per annum, and any further arrear that may have accrued up to the day of sale, together with the costs incurred by the sale, or other lawful process, shall be paid over to the defaulter. On payment of the purchase money, the purchaser shall receive from the Collector a title corresponding in quality and conditions with the grant in the possession of the defaulter, and bearing on it all material specifications relating to the quantity and situation of the land, its boundaries, the rent demandable, the date from which its payment is to commence, and other necessary particulars; and the Collector shall forthwith put the purchaser in possession of the land so transferred, requiring for that purpose the aid of the Police, if needful, and the Collector shall notify in the most public manner the result of the sale, the conveyance of the title and rights, which were of the defaulter, to the purchaser, and the cancelment of the original grant. And any person wilfully and with fraudulent intent offering for sale, transfer, mortgage, or otherwise making use of a grant so declared cancelled, shall, on conviction before a Magistrate, be punished by a fine not exceeding five hundred rupees, or in default of payment of such fine, by imprisonment not exceeding four months. And any person resisting or obstructing the Collector or the officers acting under his orders, whilst placing the purchaser in possession of land so sold for arrears of rent, shall be punished in the manner provided in Section IV. of this Act.

Tenth Clause.

It shall be lawful for the Collector before the payment of any surplus to the defaulter to deduct as part of the costs incurred by the sale two Rupees for the advertisement, and one per cent. on the net proceeds of the sale authorized by the foregoing Clause, to be carried to the credit of Government, for the purpose of meeting the expense of carrying the sale into effect.

Eleventh Clause.

When the land on account of which an arrear of rent, either in money or in kind, may be due, shall be held by the defaulter on lease, and when such arrear cannot be recovered in the manner prescribed in the foregoing Clauses, it shall be competent to the Collector to notify in writing to the defaulter that if within a further period of fifteen days the arrear of rent with all

costs of process, including two Rupees for the service of the two notices, shall not be paid, the lease will be liable to be cancelled, and, at the expiration of such period, payment not having been made, it shall be lawful for the Collector, unless he shall see good reason for allowing further delay, to declare the lease cancelled accordingly, and to eject the defaulter from the land in the manner provided in Section III. of this Act, and to take possession of the land on the part of Government: and any person convicted before a Magistrate of wilfully and fraudulently making use of a lease so cancelled, as if it were a good and valid instrument, shall be taken to be guilty of a misdemeanour, and shall be punished as provided in the 9th Clause of this Section.

Twelfth Clause.

Provided, however, that the summary process authorized by any of the Clauses of this Section shall be held applicable only to arrears of rent which have become due within the period of one year prior to the execution of such process.

X. And it is hereby enacted, that any person served with a notice of demand, or against whose crop or personal property an attachment may have issued in the manner provided in the preceding Section, who may dispute the justness of such demand or attachment, shall be at liberty, at any time before the sale of his crop or personal property, or, in the event of his land being advertised for sale, at any time before the sale thereof, to represent his objections to such demand, attachment or sale, to the Collector; and if the Collector shall, notwithstanding such objections, adhere to the demand, attachment, or sale, it shall be lawful for the said person to apply by petition for redress to any Civil Court competent to take cognizance of his complaint; and the Court, after hearing the Collector's answer, and making such further enquiry as may be necessary, during which the sale of any crop, property, or land belonging to the said person shall be stayed, shall pass judgment either for enforcing or staying the demand, and shall adjudge the costs and charges of the suit, or such portion thereof as may be just and proper, to be paid by the party cast.

Provided however, that in the case above-mentioned, no sale of crops, or of personal property, or of land, shall be stayed, unless the defaulter shall, on presenting his petition to the Civil Court, deposit therein, or at the Collector's Office, the whole amount of the arrear for which the notice of demand, or the attachment, or the advertisement of sale, as the case may be, may have been issued, or unless the defaulter shall give substantial security to the satisfaction of the Civil Court for making good the award that may be ultimately passed in the case.

XI. First Clause.

And it is hereby enacted, that all transfers of land held under perpetual grants, and all transfers of leases for limited periods, which may not have been registered before the passing of this Act, shall be registered under the following rules.

Second Clause.

The party wishing to make the transfer shall attend at the Collector's Office with the transferee, either in person, or by their constituted agents respectively, and shall make application for the transfer, producing the original grant or lease, together with the bill of sale or other deed of transfer, which, if executed after the date in which this Act shall be in force, must be made out in the English language, and according to a form which will be found in the Collector's Office, after which notice of the transfer shall be registered, the date and other particulars of the transaction being entered in the Register in a clear and distinct form.

Third Clause.

Whenever a Collector shall register a transfer of land by which the quantity of land specified in the original grant or lease may be sub-divided, it shall be competent to the said Collector at the request of the parties concerned to cancel the original grant or lease, and to make two or more new grants or leases, according to the terms and conditions of the original grant or lease, or to furnish each of the transferees with an authenticated copy of the original grant or lease, which original shall be retained in the possession of the party transferring, each new grant or lease, and each authenticated copy of an original grant or lease so made out, as well as the original document itself, specifying the quantity of land and the amount of

rent payable by each party respectively, of which corresponding entries shall be made in the Register. Provided, however, that no transfer shall be allowed, unless all arrears of rent on the original grant or lease are paid up. Provided, also, that on no one portion of a grant or lease so sub-divided shall a smaller rent than one Rupee per annum be leviable.

Fourth Clause.

No transfers of lands shall be registered until the Collector shall have satisfied himself that the boundaries of the lands to be transferred have been distinctly defined by convenient and substantial landmarks. The parties to whom lands may be so transferred are required to maintain the landmarks laid down in a state of good and sufficient repair, so that they may be at all times available for the purpose of accurate ascertainment of the limits of each occupancy, and every holder or occupier of such lands, wilfully neglecting to maintain such landmarks in a sound and serviceable condition, shall forfeit a sum equal to three times the cost of the erection or repairs which may become necessary in consequence of such default, and which shall be undertaken by the Collector: the amount of the forfeiture to be levied in like manner as rents are to be collected under the provisions of this Act.

And the holders or occupiers of such lands are required to admit free access to the same by the officers of Government for the purpose of inspecting the landmarks, and of measuring and laying down boundaries, and any holder or occupier of land or other persons who shall obstruct or resist such officers shall be liable to the penalties prescribed in Section IV. of this Act.

REWARD OF ONE THOUSAND (1000)

RUPEES.

NOTICE is hereby givon, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations :

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees ; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the

final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

UNION BANK, Saturday, 19th May, 1838.—At a General Meeting of Proprietors specially called by advertisement of the 14th ultimo, for the purpose of confirming, or otherwise, the Resolutions passed on that day, for doubling the Capital of the Bank,

GEORGE VINT, Esq., in the Chair.

Moved by Thomas Holroyd, Esq., and seconded by Richard Walker, Esq., That the present Meeting approve and confirm the Resolutions passed at the General Meeting of Proprietors, on the 14th of April 1838, with certain amendments after noticed.

Resolution 1st.—That the present Capital of the Bank be doubled by raising 40 Lacs of Co's Rupees, by the addition of 4,000 Shares of 1,000 Co's Rs. each, so as to make the Capital of the Bank 80 Lacs in all, was confirmed without alteration.

Resolution 2d.—That the Shares be distributable among the Proprietors rateably, and in proportion to their respective interests, was confirmed without alteration.

Resolution 3d.—That the sum of at least 10 Lacs, or 1,000 Shares, be payable in cash, every six months, the first payment to be completed at latest on 1st January 1839, and the second 1st July 1839, and so on, was confirmed without alteration.

Resolution 4th.—Moved by J. W. Cragg, Esq., and seconded by Thomas Holroyd, Esq., That all the words after 'period' be omitted, and the words 'for the benefit of the Bank' be substituted, and consequently Resolution No. 4, will stand as follows:

That each Proprietor be bound to take up and pay cash for one-fourth of his additional interest in complete Shares, on or before the 31st December and 30th June each year, during the period of two years from the 1st July next, provided that no fractional parts of Shares be allowed to be taken up, and that such Shares as cannot be taken up pursuant to the terms of this and the 3d Resolution be sold by Auction, on or before the 15th February and August, after each half-yearly period, for the benefit of the Bank.

Resolution 5th.—Moved by Robert Scott Thomson, Esq., and seconded by Baboo Dwarkanauth Tagore, That the word 'number' be inserted in place of the word 'portion,' and the word 'previous' immediately preceding the word 'period.' Consequently Resolution No. 5 will stand as follows:

That notwithstanding the above Resolutions, each Proprietor have the option of taking up all or any number of his new Shares immediately, or at any previous period on paying for the same.

Resolution 6th.—Moved by Colonel James Young, and seconded by Wm F. Ferguson, Esq., That the words after 'pro rata' be omitted and the following substituted, viz. FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto..... Madras.
Ditto.....	Ditto..... Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoinage, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. ROSS D. MANGLES,

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 21ST MAY, 1838.

The following Draft of a proposed Act was read in Council for the first time on the 21st May 1838.

ACT, No. — of 1838.

I. It is hereby enacted, that from the day of , the following rules shall be in force for regulating the assessment and collection of the rents payable to Government in the settlements of Prince of Wales' Island, Singapore and Malacca.

II. And it is hereby enacted, that if any person shall hold or occupy any land within any of the settlements aforesaid, for which such person shall not have obtained a grant or title, or if the grant or title under which such person claims to hold or occupy any land shall be decided by the Commissioner appointed under Act X. of 1837, or by other competent authority to be invalid, such land shall be liable to assessment, and shall be assessed in such manner, at such rate, and under such conditions, as the Commissioner or other competent authority aforesaid, or as the Collector acting under the instructions of the Governor of Bengal, shall determine.

III. And it is hereby enacted, that if any person holding or occupying land in the manner set forth in the preceding section shall refuse to engage for or to remove from the land within one month from the date on which he shall be called upon by the Collector to enter into such engagement, or so to remove from it, it shall be lawful for the said Collector to eject such person from the land so held or occupied, and to take and hold possession of the same on the part of Government, to be disposed of in such manner as the Governor of Bengal may direct.

IV. And it is hereby enacted, that all Magistrates and Police Officers shall aid and assist the Collector and his Officers in the due exercise of the power of ejectment conferred upon the said Collector by the foregoing Section, and any holder or occupier of land who shall resist or cause to be resisted the exercise of the said power, and any person who shall be aiding and abetting in such resistance, shall, on conviction before a Magistrate, be punished by fine not exceeding one thousand Rupees, or in default of payment of the fine, by imprisonment not exceeding six months.

V. And it is hereby enacted, that after the date on which this Act shall be in force in the settlements aforesaid, any person desirous of clearing and occupying waste and forest lands for the purposes of agriculture, shall make application to the Collector of Land Revenue, who is hereby authorised to measure and assess the land, and to grant a lease for the same, in such manner, and under such conditions, as the Governor of Bengal may from time to time prescribe. And if, by reason of the density of the jungle or other obstacles, it should be found impracticable to cause immediate measurement to be made of land so to be leased, it shall be competent to the Collector to issue to such applicant a permit or written authority, of which the number, date, and all essential particulars shall be entered in a Register to be kept for that purpose, to clear and occupy such land, subject to the conditions, on which a lease would have been granted. And on all land occupied under any such permit so issued, it shall be lawful for the Collector to demand and enforce the payment of rent in like manner as if a regular lease had been granted. And the Collector shall, with all practicable despatch, cause all land so occupied to be measured, and after such measurement the permit shall be called in and cancelled, and in lieu thereof a lease shall be issued, the term of which shall commence from the date of the permit. Provided, however, that it shall not be competent to a Collector to grant any lease of lands for a term exceeding twenty years, renewable on such conditions as the Governor of Bengal may direct for a further period of thirty years.

VI. And it is hereby enacted, that upon granting any lease under the Provisions of the foregoing Section, the Collector shall require the applicant to set up good and solid landmarks by which the boundaries of the ground to be occupied by him shall be plainly defined; and it shall be a condition in every lease so granted that the lessee is to maintain all such landmarks in substantial repair. And if it shall be proved to the satisfaction of the Collector, that, notwithstanding this condition, such landmarks have not been kept in good repair, it shall be

competent to the Collector to cause the proper repairs to be made, and to levy three times the cost of such repairs from the holder or occupier of the land, the amount to be levied by the process provided for the collection of rents. And the Collector or his Officers shall at all times have the right of free access to such land for the purpose of inspecting and directing the construction or repair of the landmarks; and any person resisting them in the exercise of this right shall be punished in the manner provided in the IV. Section of this Act.

VII. And it is hereby enacted, that all applications to hold or occupy lands for a term exceeding that specified in Section V., for the purpose of erecting houses or other durable works on such lands beyond the limits of the principal towns in the settlements aforesaid, shall be forwarded by the Collector to the Governor of Bengal, who will grant or reject such applications as in his judgment may seem fit.

VIII. And it is hereby enacted, that every lease granted under the Provisions of this Act shall be signed by the Collector for the time being, and shall specify the name of the lease-holder, the quantity and boundaries of the land included in the lease, and the rate of rent to be paid per acre per annum: which particulars, together with any other conditions material to the rights of Government, and of the party obtaining the lease, shall be entered in a Register to be kept in the Collector's office for that purpose.

IX. *Clause First.*

And it is hereby enacted, that whenever the rent of any grant, lease or assignment of land within any of the settlements aforesaid, whether in money or in kind, shall fall due, payment thereof shall be made by the holder or occupier of the land at the office of the Collector, or to such person as shall be authorized to receive the same, and on failure of such payment, the holder or occupier of the said land shall be held to be a defaulter, and may be proceeded against in the manner following.

Clause Second.

When an arrear of rent shall have become due, the Collector shall demand payment of it by a notice of demand, in writing, stating the amount of the arrear, and requiring the defaulter to make good the same within fifteen days from the date of the service of the notice, and informing him that in default of payment within the period specified, the amount of the arrear due, together with the costs of process, will be recovered by the attachment and sale of any personal property found on the land, and of the produce of his land.

Third Clause.

The notice of demand shall be served by the delivery thereof to the defaulter, or to his steward or other manager of the land, or by being stuck up at the ordinary place of residence of the said defaulter.

Fourth Clause.

For the service of the aforesaid notice one Rupee shall be charged to the defaulter, and shall be leviable, if not paid on demand, in the same manner as arrears of rent.

Fifth Clause.

Whenever an arrear of rent, either in money or in kind, shall be demanded in the manner above prescribed, and shall not be discharged, it shall be lawful for the Collector to issue an attachment against the personal property of the defaulter and against the produce of his lands, and to seize by virtue of such attachment, any effects belonging to the said defaulter, or any crops which may be found upon the land on account of which the arrear may be due, and to bring the same to sale by public auction at the Collector's office or elsewhere, five days previous notice of such sale being stuck up at some conspicuous spot, and at the place where it is intended to bring the crop, or other property, to sale.

Sixth Clause.

The attachment shall be made by an Officer deputed for the purpose, who shall publicly notify the attachment of the crop, and shall set his seal on any other property attached, and take an inventory thereof; and it shall be competent to the said Officer to require the assistance of the Police in case of resistance to his authority, or of any attempt to remove the crop or other property from the premises, for the purpose of defeating the process.

Seventh Clause.

For an attachment made in pursuance of the foregoing rules, whether a sale shall actually take place or not, two Rupees shall be charged to the defaulter, and shall be leviable, if not paid on demand, by the sale of a portion of the attached property.

Eighth Clause.

If an arrear of rent, either in money or in kind, due by a person holding the land by absolute grant cannot be recovered by the attachment and sale of the crop, or personal property of the defaulter, and the arrear shall not be discharged within six months from the date of the notice of demand prescribed by the Second Clause of this Section it shall be lawful for the Collector to bring to sale the land on account of which the arrear shall have been demanded, in the manner following.

Ninth Clause.

An advertisement shall be stuck up for not less than twenty days before the sale, in the Collector's Office, and in the Court of Justice situated nearest to the land specifying the description of the land, the name of the defaulter, the amount of the arrear, the time and place of the intended sale, and the conditions thereof. The sale shall be conducted by Public Auction, in the presence of the Collector, the highest bidder shall be declared the purchaser, and the proceeds of the sale, after deducting the arrear originally due to Government, with interest thereon at 12 per Cent. per annum, and any further arrear that may have accrued up to the day of sale, together with the costs incurred by the sale, or other lawful process, shall be paid over to the defaulter. On payment of the purchase money, the purchaser shall receive from the Collector a title corresponding in quality and conditions with the grant in the possession of the defaulter, and bearing on it all material specifications relating to the quantity and situation of the land, its boundaries, the rent demandable, the date from which its payment is to commence, and other necessary particulars; and the Collector shall forthwith put the purchaser in possession of the land so transferred, requiring for that purpose the aid of the Police, if needful, and the Collector shall notify in the most public manner the result of the sale, the conveyance of the title and rights, which were of the defaulter, to the purchaser, and the cancelment of the original grant. And any person wilfully and with fraudulent intent offering for sale, transfer, mortgage, or otherwise making use of a grant so declared cancelled, shall, on conviction before a Magistrate, be punished by a fine not exceeding five hundred rupees, or in default of payment of such fine, by imprisonment not exceeding four months. And any person resisting or obstructing the Collector or the officers acting under his orders, whilst placing the purchaser in possession of land so sold for arrears of rent, shall be punished in the manner provided in Section IV. of this Act.

Tenth Clause.

It shall be lawful for the Collector before the payment of any surplus to the defaulter to deduct as part of the costs incurred by the sale two Rupees for the advertisement, and one per cent. on the net proceeds of the sale authorized by the foregoing Clause, to be carried to the credit of Government, for the purpose of meeting the expense of carrying the sale into effect.

Eleventh Clause.

When the land on account of which an arrear of rent, either in money or in kind, may be due, shall be held by the defaulter on lease, and when such arrear cannot be recovered in the manner prescribed in the foregoing Clauses, it shall be competent to the Collector to notify in writing to the defaulter that if within a further period of fifteen days the arrear of rent with all costs of process, including two Rupees for the service of the two notices, shall not be paid, the lease will be liable to be cancelled, and, at the expiration of such period, payment not having been made, it shall be lawful for the Collector, unless he shall see good reason for allowing further delay, to declare the lease cancelled accordingly, and to eject the defaulter from the land in the manner provided in Section III. of this Act, and to take possession of the land on the part of Government: and any person convicted before a Magistrate of wilfully and fraudulently making use of a lease so cancelled, as if it were a good and valid instrument, shall be taken to be guilty of a misdemeanour, and shall be punished as provided in the 9th Clause of this Section.

Twelfth Clause.

Provided, however, that the summary process authorized by any of the Clauses of this Section shall be held applicable only to arrears of rent which have become due within the period of one year prior to the execution of such process.

X. And it is hereby enacted, that any person served with a notice of demand, or against whose crop or personal property an attachment may have issued in the manner provided in the preceding Section, who may dispute the justness of such demand or attachment, shall be at liberty, at any time before the sale of his crop or personal property, or, in the event of his land being advertised for sale, at any time before the sale thereof, to represent his objections to such demand, attachment or sale, to the Collector; and if the Collector shall, notwithstanding such objections, adhere to the demand, attachment, or sale, it shall be lawful for the said person to apply by petition for redress to any Civil Court competent to take cognizance of his complaint; and the Court, after hearing the Collector's answer, and making such further enquiry as may be necessary, during which the sale of any crop, property, or land belonging to the said person shall be stayed, shall pass judgment either for enforcing or staying the demand, and shall adjudge the costs and charges of the suit, or such portion thereof as may be just and proper, to be paid by the party cast.

Provided however, that in the case abovementioned, no sale of crops, or of personal property, or of land, shall be stayed, unless the defaulter shall, on presenting his petition to the Civil Court, deposit therein, or at the Collector's Office, the whole amount of the arrear for which the notice of demand, or the attachment, or the advertisement of sale, as the case may be, may have been issued, or unless the defaulter shall give substantial security to the satisfaction of the Civil Court for making good the award that may be ultimately passed in the case.

XI. First Clause.

And it is hereby enacted, that all transfers of land held under perpetual grants, and all transfers of leases for limited periods, which may not have been registered before the passing of this Act, shall be registered under the following rules.

Second Clause.

The party wishing to make the transfer shall attend at the Collector's Office with the transferee, either in person, or by their constituted agents respectively, and shall make application for the transfer, producing the original grant or lease, together with the bill of sale or other deed of transfer, which, if executed after the date in which this Act shall be in force, must be made out in the English language, and according to a form which will be found in the Collector's Office, after which notice of the transfer shall be registered, the date and other particulars of the transaction being entered in the Register in a clear and distinct form.

Third Clause.

Whenever a Collector shall register a transfer of land by which the quantity of land specified in the original grant or lease may be sub-divided, it shall be competent to the said Collector at the request of the parties concerned to cancel the original grant or lease, and to make two or more new grants or leases, according to the terms and conditions of the original grant or lease, or to furnish each of the transferees with an authenticated copy of the original grant or lease, which original shall be retained in the possession of the party transferring, each new grant or lease, and each authenticated copy of an original grant or lease so made out, as well as the original document itself, specifying the quantity of land and the amount of rent payable by each party respectively, of which corresponding entries shall be made in the Register. Provided, however, that no transfer shall be allowed, unless all arrears of rent on the original grant or lease are paid up. Provided, also, that on no one portion of a grant or lease so sub-divided shall a smaller rent than one Rupee per annum be leviable.

Fourth Clause.

No transfers of lands shall be registered until the Collector shall have satisfied himself that the boundaries of the lands to be transferred have been distinctly defined by convenient and substantial landmarks. The parties to whom lands may be so transferred are required to maintain the landmarks laid

down in a state of good and sufficient repair, so that they may be at all times available for the purpose of accurate ascertainment of the limits of each occupancy, and every holder or occupier of such lands, wilfully neglecting to maintain such landmarks in a sound and servicable condition, shall forfeit a sum equal to three times the cost of the erection or repairs which may become necessary in consequence of such default, and which shall be undertaken by the Collector: the amount of the forfeiture to be levied in like manner as rents are to be collected under the provisions of this Act.

And the holders or occupiers of such lands are required to admit free access to the same by the officers of Government for the purpose of inspecting the landmarks, and of measuring and laying down boundaries, and any holder or occupier of land or other persons who shall obstruct or resist such officers shall be liable to the penalties prescribed in Section IV. of this Act.

Fifth Clause.

It shall be lawful for the Collector to demand and receive on the part of Government the following fees to meet the charges attending the registry, measurement and surveys, necessary to the due execution of this Act, viz.

REWARD OF ONE THOUSAND (1000)

RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations :

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5000 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees ; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

FINANCIAL DEPARTMENT,

THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Para. 1. In our Despatch to India in this Department dated 27th May 1835, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

2d. We rely upon receiving the information required as soon as possible after the appointed period—but to prevent inconvenience from the declaration of our intentions not having reached India at the date of the expiration of the time to which the trial of the plan was limited, we are willing to enlarge that limitation to the 30th of April 1840; and we desire to be furnished with an account made up to the 30th of April 1838, similar to that required in our Despatch above referred to.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 21ST MAY, 1898.**

The following Draft of a proposed Act was read in Council for the first time on the 21st May, 1898.

ACT. No. — OF 1898.

I. It is hereby enacted, that from the day of , the following rules shall be in force for regulating the assessment and collection of the rents payable to Government in the settlements of Prince of Wales' Island, Singapore and Malacca.

II. And it is hereby enacted, that if any person shall hold or occupy any land within any of the settlements aforesaid, for which such person shall not have obtained a grant or title, or if the grant or title under which such person claims to hold or occupy any land shall be decided by the Commissioner appointed under Act X. of 1837, or by other competent authority to be invalid, such land shall be liable to assessment, and shall be assessed in such manner, at such rate, and under such conditions, as the Commissioner or other competent authority aforesaid, or as the Collector acting under the instructions of the Governor of Bengal, shall determine.

III. And it is hereby enacted, that if any person holding or occupying land in the manner set forth in the preceding section shall refuse to engage for or to remove from the land within one month from the date on which he shall be called upon by the Collector to enter into such engagement, or so to remove from it, it shall be lawful for the said Collector to eject such person from the land so held or occupied, and to take and hold possession of the same on the part of Government, to be disposed of in such manner as the Governor of Bengal may direct.

IV. And it is hereby enacted, that all Magistrates and Police Officers shall aid and assist the Collector and his Officers, in the due exercise of the power of ejectment conferred upon the said Collector by the foregoing Section, and any holder or occupier of land who shall resist or cause to be resisted the exercise of the said power, and any person who shall be aiding and abetting in such resistance, shall, on conviction before a Magistrate, be punished by fine not exceeding one thousand Rupees, or in default of payment of the fine, by imprisonment not exceeding six months.

V. And it is hereby enacted, that after the date on which this Act shall be in force in the settlements aforesaid, any person desirous of clearing and occupying waste and forest lands for the purposes of agriculture, shall make application to the Collector of Land Revenue, who is hereby authorised to measure and assess the land, and to grant a lease for the same, in such manner, and under such conditions, as the Governor of Bengal may from time to time prescribe. And if, by reason of the density of the jungle or other obstacles, it should be found impracticable to cause immediate measurement to be made of land so to be leased, it shall be competent to the Collector to issue to such applicant a permit or written authority, of

which the number, date; and all essential particulars shall be entered in a Register to be kept for that purpose, to clear and occupy such land, subject to the conditions, on which a lease would have been granted. And on all land occupied under any such permit so issued, it shall be lawful for the Collector to demand and enforce the payment of rent in like manner as if a regular lease had been granted. And the Collector shall, with all practicable despatch, cause all land so occupied to be measured, and after such measurement the permit shall be called in and cancelled, and in lieu thereof a lease shall be issued, the term of which shall commence from the date of the permit. Provided, however, that it shall not be competent to a Collector to grant any lease of lands for a term exceeding twenty years, renewable on such conditions as the Governor of Bengal may direct for a further period of thirty years.

VI. And it is hereby enacted, that upon granting any lease under the Provisions of the foregoing Section, the Collector shall require the applicant to set up good and solid landmarks by which the boundaries of the ground to be occupied by him shall be plainly defined; and it shall be a condition in every lease so granted that the lessee is to maintain all such landmarks in substantial repair. And if it shall be proved to the satisfaction of the Collector, that, notwithstanding this condition, such landmarks have not been kept in good repair, it shall be competent to the Collector to cause the proper repairs to be made, and to levy three times the cost of such repairs from the holder or occupier of the land, the amount to be levied by the process provided for the collection of rents. And the Collector or his Officers shall at all times have the right of free access to such land for the purpose of inspecting and directing the construction or repair of the landmarks; and any person resisting them in the exercise of this right shall be punished in the manner provided in the IV. Section of this Act.

VII. And it is hereby enacted, that all applications to hold or occupy lands for a term exceeding that specified in Section V., for the purpose of erecting houses or other durable works on such lands beyond the limits of the principal towns in the settlements aforesaid, shall be forwarded by the Collector to the Governor of Bengal, who will grant or reject such applications as in his judgment may seem fit.

VIII. And it is hereby enacted, that every lease granted under the Provisions of this Act shall be signed by the Collector for the time being, and shall specify the name of the lease-holder, the quantity and boundaries of the land included in the lease, and the rate of rent to be paid per acre per annum: which particulars, together with any other conditions material to the rights of Government, and of the party obtaining the lease, shall be entered in a Register to be kept in the Collector's office for that purpose.

IX. Clause First.

And it is hereby enacted, that whenever the rent of any grant, lease or assignment of land within any of the settlements aforesaid, whether in money or in kind, shall fall due, payment thereof shall be made by the holder or occupier of the land at the office of the Collector, or to such person as shall be authorized to receive the same, and on failure of such payment, the holder or occupier of the said land shall be held to be a defaulter, and may be proceeded against in the manner following.

Clause Second.

When an arrear of rent shall have become due, the Collector shall demand payment of it by a notice of demand, in writing, stating the amount of the arrear, and requiring the defaulter to make good the same within fifteen days from the date of the service of the notice, and informing him that in default of payment within the period specified, the amount of the arrear due, together with the costs of process, will be recovered by the attachment and sale of any personal property found on the land, and of the produce of his land.

Third Clause.

The notice of demand shall be served by the delivery thereof to the defaulter, or to his steward or other manager of the land, or by being stuck up at the ordinary place of residence of the said defaulter.

Fourth Clause.

For the service of the aforesaid notice one Rupee shall be charged to the defaulter, and shall be leviable, if not paid on demand, in the same manner as arrears of rent.

Fifth Clause.

Whenever an arrear of rent, either in money or in kind, shall be demanded in the manner above prescribed, and shall not be discharged, it shall be lawful for the Collector to issue an attachment against the personal property of the defaulter and against the produce of his lands, and to seize by virtue of such attachment, any effects belonging to the said defaulter, or any crops which may be found upon the land on account of which the arrear may be due, and to bring the same to sale by public auction at the Collector's office or elsewhere, five days previous notice of such sale being stuck up at some conspicuous spot, and at the place where it is intended to bring the crop, or other property, to sale.

Sixth Clause.

The attachment shall be made by an Officer deputed for the purpose, who shall publicly notify the attachment of the crop, and shall set his seal on any other property attached, and take an inventory thereof; and it shall be competent to the said Officer to require the assistance of the Police in case of resistance to his authority, or of any attempt to remove the crop or other property from the premises, for the purpose of defeating the process.

Seventh Clause.

For an attachment made in pursuance of the foregoing rules, whether a sale shall actually take place or not, two Rupees shall be charged to the defaulter, and shall be leviable, if not paid on demand, by the sale of a portion of the attached property.

Eighth Clause.

If an arrear of rent, either in money or in kind, due by a person holding the land by absolute grant cannot be recovered by the attachment and sale of the crop, or personal property of the defaulter, and the arrear shall not be discharged within six months from the date of the notice of demand prescribed by the Second Clause of this Section it shall be lawful for the Collector to bring to sale the land on account of which the arrear shall have been demanded, in the manner following.

Ninth Clause.

An advertisement shall be stuck up for not less than twenty days before the sale, in the Collector's Office, and in the Court of Justice situated nearest to the land specifying the description of the land, the name of the defaulter, the amount of the arrear, the time and place of the intended sale, and the conditions thereof. The sale shall be conducted by Public Auction, in the presence of the Collector, the highest bidder shall be declared the purchaser, and the proceeds of the sale, after deducting the arrear originally due to Government, with interest thereon at 12 per Cent. per annum, and any further arrear that may have accrued up to the day of sale, together with the costs incurred by the sale, or other lawful process, shall be paid over to the defaulter. On payment of the purchase money, the purchaser shall receive from the Collector a title corresponding in quality and conditions with the grant in the possession of the defaulter, and bearing on it all material specifications relating to the quantity and situation of the land, its boundaries, the rent demandable, the date from which its payment is to commence, and other necessary particulars; and the Collector shall forthwith put the purchaser in possession of the land so transferred, requiring for that purpose the aid of the Police, if needful, and the Collector shall notify in the most public manner the result of the sale, the conveyance of the title and rights, which were of the defaulter, to the purchaser, and the cancelment of the original grant. And any person wilfully and with fraudulent intent offering for sale, transfer, mortgage, or otherwise making use of a grant so declared cancelled, shall, on conviction before a Magistrate, be punished by a fine not exceeding five hundred rupees, or in default of payment of such fine, by imprisonment not exceeding four months. And any person resisting or obstructing the Collector or the officers acting under his orders, whilst placing the purchaser in possession of land so sold for arrears of rent, shall be punished in the manner provided in Section IV. of this Act.

Tenth Clause.

It shall be lawful for the Collector before the payment of any surplus to the defaulter to deduct as part of the costs incurred by the sale two Rupees for the advertisement, and one per cent. on the net proceeds

of the sale authorized by the foregoing Clause, to be carried to the credit of Government, for the purpose of meeting the expense of carrying the sale into effect.

Eleventh Clause.

When the land on account of which an arrear of rent, either in money or in kind, may be due, shall be held by the defaulter on lease, and when such arrear cannot be recovered in the manner prescribed in the foregoing Clauses, it shall be competent to the Collector to notify in writing to the defaulter that if within a further period of fifteen days the arrear of rent with all costs of process, including two Rupees for the service of the two notices, shall not be paid, the lease will be liable to be cancelled, and, at the expiration of such period, payment not having been made, it shall be lawful for the Collector, unless he shall see good reason for allowing further delay, to declare the lease cancelled accordingly, and to eject the defaulter from the land in the manner provided in Section III. of this Act, and to take possession of the land on the part of Government: and any person convicted before a Magistrate of wilfully and fraudulently making use of a lease so cancelled, as if it were a good and valid instrument, shall be taken to be guilty of a misdemeanour, and shall be punished as provided in the 9th Clause of this Section.

Twelfth Clause.

Provided, however, that the summary process authorized by any of the Clauses of this Section shall be held applicable only to arrears of rent which have become due within the period of one year prior to the execution of such process.

X. And it is hereby enacted, that any person served with a notice of demand, or against whose crop or personal property an attachment may have issued in the manner provided in the preceding Section, who may dispute the justness of such demand or attachment, shall be at liberty, at any time before the sale of his crop or personal property, or, in the event of his land being advertised for sale, at any time before the sale thereof, to represent his objections to such demand, attachment or sale, to the Collector; and if the Collector shall, notwithstanding such objections, adhere to the demand, attachment, or sale, it shall be lawful for the said person to apply by petition for redress to any Civil Court competent to take cognizance of his complaint; and the Court, after hearing the Collector's answer, and making such further enquiry as may be necessary, during which the sale of any crop, property, or land belonging to the said person shall be stayed, shall pass judgment either for enforcing or staying the demand, and shall adjudge the costs and charges of the suit, or such portion thereof as may be just and proper, to be paid by the party cast.

Provided however, that in the case abovementioned, no sale of crops, or of personal property, or of land, shall be stayed, unless the defaulter shall, on presenting his petition to the Civil Court, deposit therein, or at the Collector's Office, the whole amount of the arrear for which the notice of demand, or the attachment, or the advertisement of sale, as the case may be, may have been issued, or unless the defaulter shall give substantial security to the satisfaction of the Civil Court for making good the award that may be ultimately passed in the case.

XI. First Clause.

And it is hereby enacted, that all transfers of land held under perpetual grants, and all transfers of leases for limited periods, which may not have been registered before the passing of this Act, shall be registered under the following rules.

Second Clause.

The party wishing to make the transfer shall attend at the Collector's Office with the transferee, either in person, or by their constituted agents respectively, and shall make application for the transfer, producing the original grant or lease, together with the bill of sale or other deed of transfer, which, if executed after the date in which this Act shall be in force, must be made out in the English language, and according to a form which will be found in the Collector's Office, after which notice of the transfer shall be registered, the date and other particulars of the transaction being entered in the Register in a clear and distinct form.

Third Clause.

Whenever a Collector shall register a transfer of land by which the quantity of land specified in the

original grant or lease may be sub-divided, it shall be competent to the said Collector at the request of the parties concerned to cancel the original grant or lease, and to make two or more new grants or leases, according to the terms and conditions of the original grant or lease, or to furnish each of the transferees with an authenticated copy of the original grant or lease, which original shall be retained in the possession of the party transferring, each new grant or lease, and each authenticated copy of an original grant or lease so made out, as well as the original document itself, specifying the quantity of land and the amount of rent payable by each party respectively, of which corresponding entries shall be made in the Register. Provided, however, that no transfer shall be allowed, unless all arrears of rent on the original grant or lease are paid up. Provided, also, that on no one portion of a grant or lease so sub-divided shall a smaller rent than one Rupee per annum be leviable.

Fourth Clause.

No transfers of lands shall be registered until the Collector shall have satisfied himself that the boundaries of the lands to be transferred have been distinctly defined by convenient and substantial landmarks. The parties to whom lands may be so transferred are required to maintain the landmarks laid down in a state of good and sufficient repair, so that they may be at all times available for the purpose of accurate ascertainment of the limits of each occupancy, and every holder or occupier of such lands, wilfully neglecting to maintain such landmarks in a sound and serviceable condition, shall forfeit a sum equal to three times the cost of the erection or repairs which may become necessary in consequence of such default, and which shall be undertaken by the Collector: the amount of the forfeiture to be levied in like manner as rents are to be collected under the provisions of this Act.

And the holders or occupiers of such lands are required to admit free access to the same by the officers of Government for the purpose of inspecting the landmarks, and of measuring and laying down boundaries, and any holder or occupier of land or other persons who shall obstruct or resist such officers shall be liable to the penalties prescribed in Section IV. of this Act.

Fifth Clause.

REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

MINT.**

THE 9TH MAY, 1838.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoinage, without demand of Seignorage duty.—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. If the coin brought be better than standard, the advantage will be given according to the Tables, but counterfeit pieces, as well as drilled, plugged and other bad coin, will of course be rejected. The Mint of Calcutta will not however receive a less quantity of the coins above specified than 1,000 Tolas, but for the convenience of Officers and Soldiers and other persons in public employ, less sums than 1,000 Tolas will be exchanged on the same terms at the General Treasury,—the Sub-Treasurer having been authorized to collect them for transmission to the Mint.

Para. 1. In our Despatch to India in this Department dated 27th May 1835, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

2d. We rely upon receiving the information required as soon as possible after the appointed period—but to prevent inconvenience from the declaration of our intentions not having reached India at the date of the expiration of the time to which the trial of the plan was limited, we are willing to enlarge that limitation to the 30th of April 1840 ; and we desire to be furnished with an account made up to the 30th of April 1839, similar to that required in our Despatch above referred to.

No. 82 of 1838.—The Hon'ble the President in Council is pleased to direct that the following extract of a Military Despatch from the Honorable the Court of Directors to the Government of Fort St. George, No. 17, dated 21st February, 1838, the directions contained in which are declared to be equally applicable to this Presidency, be published in General Orders:

19. We observe that you had permitted an Officer (Lieutenant Pearson) to retire in India upon Half Pay. No authority to permit of such retirements has yet been given by us to the local Governments; and as we think it undesirable that Officers whose health requires them to return to Europe should be granted a Pension on retirement except upon their satisfying us at the close of their Furlough that their health will not permit of

their continuing to serve in India, we desire that you will not again grant a similar permission.

REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations :

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

MINT.**

THE 9TH MAY, 1838.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoinage, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. If the coin brought be better than standard, the advantage will be given according to the Tables, but counterfeit pieces, as well as drilled, plugged and other bad coin, will of course be rejected. The Mint of Calcutta will not however receive a less quantity of the coins above specified than 1,000 Tolas, but for the convenience of Officers and Soldiers and other persons in public employ, less sums than 1,000 Tolas will be exchanged on the same terms at the General Treasury,—the Sub-Treasurer having been authorized to collect them for transmission to the Mint.

The Hon'ble the Deputy Governor of Bengal directs that the following Extract from a Dispatch from the Hon'ble the Court of Directors in the Financial Department, dated the 20th March last, be published for the information of the Members of the Civil Service of this Presidency:

Para. 1. In our Despatch to India in this Department dated 27th May 1835, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

2d. We rely upon receiving the information required as soon as possible after the appointed period—but to prevent inconvenience from the declaration of our intentions not having reached India at the date of the expiration of the time to which the trial of the plan was limited, we are willing to enlarge that limitation to the 30th of April 1840; and we desire to be furnished with an account made up to the 30th of April 1839, similar to that required in our Despatch above referred to.

NOTICE.**

An express has been received from the Head Quarters of the Governor General from which it appears that His Lordship has instructed the Government of Bombay to dispatch the *Semiramis* Steamer to Suez, on the first favorable day after the 18th June—The letter carrying these instructions to Bombay is dated the 22d May,—on the other hand it appears from letters received from that Presidency, that on the 21st of that month the Government of Bombay resolved to dispatch the *Semiramis* on special service to the Persian Gulf, and she was expected to be ready for Sea in ten days from that date. It is possible therefore that the Government of Bombay may not receive the Governor General's orders for the dispatch of the *Semiramis* to Suez in time.

The President in Council has thought it proper to place the Public in possession of the information he has received on this subject, that every one may judge whether to send letters by the opportunity with full knowledge of the uncertainty which exists whether they can be forwarded.

The Post Master General will notify the latest safe date on which letters can be dispatched from Calcutta so as to reach Bombay on the 10th June.

It is necessary to add that no arrangements have been made to provide for the conveyance of an overland Mail to Byroot from the Persian Gulf in this season.

REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5600 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof, and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

THE 9TH MAY, 1838.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoining, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. If the coin brought be better than standard, the advantage will be given according to the Tables, but counterfeit pieces, as well as drilled, plugged and other bad coin, will of course be rejected. The Mint of Calcutta will not however receive a less quantity of the coins above specified than 1,000 Tolas, but for the convenience of Officers and Soldiers and other persons in public employ, less sums than 1,000 Tolas will be exchanged on the same terms at the General Treasury,—the Sub-Treasurer having been authorized to collect them for transmission to the Mint.

The Hon'ble the Deputy Governor of Bengal directs that the following Extract from a Dispatch from the Hon'ble the Court of Directors in the Financial Department, dated the 20th March last, be published for the information of the Members of the Civil Service of this Presidency:

Para. 1. In our Despatch to India in this Department dated 27th May 1835, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

2d. We rely upon receiving the information required as soon as possible after the appointed period—but to prevent inconvenience from the declaration of our intentions not having reached India at the date of the expiration of the time to which the trial of the plan was limited, we are willing to enlarge that limitation to the 30th of April 1840; and we desire to be furnished with an account made up to the 30th of April 1839, similar to that required in our Despatch above referred to.

FRED. JAS. HALLIDAY,

REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovenamed sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum

explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof, and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

**FORT WILLIAM,
FINANCIAL DEPARTMENT,
THE 15TH JUNE, 1836.**

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto..... Madras.
Ditto.....	Ditto..... Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoinage, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. The Mint of Calcutta will not however receive a less quantity of the coins above specified than 1,000 Tolas, but for the convenience of Officers and Soldiers and other persons in public employ, less sums than 1,000 Tolas will be exchanged on the same terms at the General Treasury,—the Sub-Treasurer having been authorized to collect them for transmission to the Mint.

Para. 1. In our Despatch to India in this Department dated 27th May 1835, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

2d. We rely upon receiving the information required as soon as possible after the appointed period—but to prevent inconvenience from the declaration of our intentions not having reached India at the date of the expiration of the time to which the trial of the

REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the above-mentioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Waterproof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of

18 inches cable, or capable of containing 3000 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Baskets, Boxes, beside exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof, and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

FORT WILLIAM, FINANCIAL DEPARTMENT,

THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto..... Madras.
Ditto.....	Ditto..... Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoining, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. Para. 1. In our Despatch to India in this Department dated 27th May 1833, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

REWARD OF ONE THOUSAND (1000)
RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof, and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, JUNE 16, 1888.

NOTICE.—The Mails from this Office, on the 14th ultimo, for the Head Quarters of the Governor General of India, Delhi, Meerutt, Saharunpore, Loodianah, Simla, Seobathna and Umballa, respectively, are reported to be missing after passing the Station of Mynpoore. The circumstances connected with the loss of these Mails have not yet been ascertained, but the time which has elapsed since they were reported to be missing, without further tidings, leads to the inference that they are irrecoverably lost, and therefore the subjoined list of the contents of those Mails is published for general information, in order that parties, deeming it expedient to do so, may forward duplicate copies of the missing letters and papers.

FORT WILLIAM,
FINANCIAL DEPARTMENT,
The 16th June, 1836.

It is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances on the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been constituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advances, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods; and appointing the Agent in England for each transaction.

inches, and should not exceed ^{or at most eleven} pounds avoirdupois in weight, including the fastenings necessary to secure the contents, and being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees ; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof, and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

FORT WILLIAM,
FINANCIAL DEPARTMENT,
THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoinage, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. Para. 1. In our Despatch to India in this Department dated 27th May 1835, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

REWARD OF ONE THOUSAND (1000)

RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Banghy Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the abovementioned sum for the discovery of the most effectual means of rendering Banghy Conveyances Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case, of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 5800 cubic

inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Banghy Boxes, besides exposure to the downward fall of rain, are subject to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof, and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

TUE 13TH JUNE, 1838.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall be such that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto...	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for recoinage, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.

FORT WILLIAM, 18th June, 1838.

No. 24 of 1838.—The Honorable, the President in Council is pleased to direct, that the following extract of a Military Letter from the Hon'ble the Court of Directors to the Governor of Bengal, No. 58, dated 10th April 1838, be published in General Orders:

Para. 20. In our Military Letter to Bombay, of the 10th April 1838, (No. 18) Para. 5, We stated, that we would convey to you our reply to the Memorial of Major Moore, the Deputy Military Auditor General at that Presidency, relating to his Claim to superior House Rent or Regimental Tentage, and we take the present opportunity of fulfilling that intention.

21. We learn from that Memorial and its accompanying Proceedings that three different systems obtain in respect to the House Rent or House Rent and Tentage, of the Staff Officers stationed at the Capitals of each of the three Presidencies. Those stationed at Madras draw Regimental Tentage and Regimental House Rent, whilst those at Calcutta and Bombay draw no Tentage, but those at Calcutta receive a superior rate of House Rent, and those at Bombay draw House Rent according to Regimental Rank.

22. The Bengal system was established on the principle of giving to Staff Officers at the Presidency House Rent exceeding by 50 per Cent. the rates previously drawn by them. This principle received our sanction, and we now direct that it be extended to the Staff Officers stationed at the Capitals of the three Presidencies.

23. In our Letter to Bombay of the 2d May 1827, we directed that Officers holding Stationary Staff Appointments should not be allowed to draw Tentage, that being an allowance intended solely to cover the expense of providing Tents and Tent Carriage to which such Officers were not liable. This Order has not yet been extended to Madras, but we now desire that it may be made applicable to that Presidency also.

REWARD OF ONE THOUSAND (1000) RUPEES.

NOTICE is hereby given, that the Hon'ble the President in Council, with the view of obtaining greater security in the conveyance of Baggage Parcels, especially in reference to protection against the weather, has been pleased to offer a Reward of the above-mentioned sum for the discovery of the most effectual means of rendering Baggage Parcels Water-proof, subject to the following stipulations:

First.—The Box, Basket, or other Case of whatever material constructed, must be of the dimensions of 18 inches cubic, or capable of containing 3600 cubic inches, and should not exceed ten, or at most eleven pounds avoirdupois in weight, including the fastenings necessary to secure the contents from being pilfered.

Second.—The Box, Basket, or Case, must be sufficiently substantial to protect its contents from injury, and to support the thumps and blows from stones and trees; to which it is liable in traversing rocky ground and jungle and must be perfectly impervious to water, for it must be borne in mind that Baggage Parcels, besides exposure to the downward fall of rain, are subjected to continued splashing and dipping in water when carried through flooded lands.

Third.—To entitle a party to the offered reward, two complete specimens of the Box, Basket, or Case must be furnished, accompanied by a memorandum explaining in detail the materials of which it is composed, and the cost and manner in which the same can be prepared either singly or by dozens or more.

Lastly.—The Boxes, Baskets, or Cases, with their accompanying reports, must be delivered to the Post Master General on or before the 31st of July next, when their merits will be decided upon by a Committee of Officers of Government who will be required to examine them and to subject them to such experiments as may be deemed requisite to test their fitness. No test however will be considered conclusive unless the same be supported by actual transit of the Box, Basket, or Case in the height of the South West Monsoon from Calcutta to Cawnpore and back, and return without injury to its contents. A report on the specimens will be made to Government with whom the final decision will rest, and in the event of more than one specimen being considered perfectly Water-proof, and as such recommended for reward, the Government will exercise a discretion in granting such reward to more than one candidate, or in selecting the specimen that may be most efficient by the combination of lightness, cheapness, and strength.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 15TH JUNE, 1838.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individual, intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors

to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bill upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advance, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Honorable the President in Council gives notice, that the Mint Master at Calcutta has been authorized to receive, until further orders, Madras Rupees of full weight at their intrinsic par, viz. as equal to Company's Rupees, without any charge of seignorage for recoinage.

MINT.

THE 9TH MAY, 1838.

The Public is hereby informed, that the Mint Master of Calcutta has been authorized, until further orders, to receive Bombay and Furruckabad Rupees in like manner as Madras Rupees, and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India for redemption, without demand of Seignorage duty—Rupees of any such coinage will be received by weight according to the forms of the Mint for the receipt of Bullion, and if of equal standard a Mint Certificate will be granted entitling the holder to Company's Rupees of equal weight. If the coin brought be better than standard, the advantage will be given according to the Tables, but counterfeit pieces, as well as drilled, plugged and other bad coin, will of course be rejected. The Mint of Calcutta will not however receive a less quantity of the coins above specified than 1,000 Tolas, but for the convenience of Officers and Soldiers and other persons in public employ, less sums than 1,000 Tolas will be exchanged on the same terms at the General Treasury,—the Sub-Treasurer having been authorized to collect them for transmission to the Mint.

**FORT WILLIAM,
FINANCIAL DEPARTMENT,
THE 23D MAY, 1838.**

The Hon'ble the Deputy Governor of Bengal directs that the following Extract from a Dispatch from the Hon'ble the Court of Directors in the Financial Department, dated the 20th March last, be published for the information of the Members of the Civil Service of this Presidency:

Para. 1. In our Despatch to India in this Department dated 27th May 1835, we sanctioned for a limited period and on specific conditions the appropriation to Subscribers to the Civil Service Retiring Funds of two-thirds of the unaccepted Annuities of each year at one-fourth instead of one-half their value, and we desired that twelve months before the expiration of the period fixed there might be transmitted to us particular information of the state of the Funds at that date, and of the effect produced by the authorized modification in order that we might determine upon the propriety of its continuance.

2d. We rely upon receiving the information required as soon as possible after the appointed period—but to prevent inconvenience from the declaration of our intentions not having reached India at the date of the expiration of the time to which the trial of the

plan was limited, we are willing to enlarge that limitation to the 30th of April 1840; and we desire to be furnished with an account made up to the 30th of April 1839, similar to that required in our Despatch above referred to.

H. T. PRINSEP,

Secy. to the Govt. of Bengal.

**FORT WILLIAM,
FINANCIAL DEPARTMENT,**

THE 27TH JUNE, 1838.

The Hon'ble the Deputy Governor of Bengal directs, that the following Extract from a Despatch from the Hon'ble the Court of Directors, in the Financial Department, dated the 28th March 1838, be published for information.

14. *Relates to Application from Messrs. Bruce, Shand and Co. for advance upon Goods consigned to Liverpool, the Bills being payable in London, which was refused.*

5. In our Despatch to Bombay in this Department dated the 6th July 1836, a copy of which was forwarded for your information, we authorized the Bombay Government so far to relax the Regulations for effecting remittances as to make advances on Goods consigned to Liverpool, in consideration of its being almost exclusively the Port of the great Cotton District of England, but with the proviso that the Bills must in all cases be made payable in London, and we shall not object to sanction a similar relaxation of the Regulations at your Presidency.

You will distinctly understand however that no modification of this kind can be permitted without previous reference to us, and in case of such reference becoming necessary, we desire that you will furnish us with any information which you may be able to obtain as to the probability of an extensive or permanent demand for remittance to the proposed Port, in order that our judgment may be assisted in deciding upon arrangements with which considerable trouble and expense are connected for local management and superintendence.

6. Glasgow being the chief Port for the Cotton District of Scotland, as is Liverpool for that of England, we shall not object to advances on Goods consigned to that Port—such extension must take place upon the same conditions in every respect as those which we have laid down with regard to Liverpool.

TAKE NOTICE.—ARMY OF INDIA.—NOW PUBLISHED.—Messrs. Dodwell and Miles, East India Army Agents, have published, dedicated by permission to the Honorable Court of Directors of the East India Company, an Alphabetical list of the Officers of the Indian Army at the three Presidencies, from the year 1780 to the year 1834, inclusive, with their date of Appointment as Cadet, of their respective Promotions, and of their Retirement, Resignation, or Death, to the year 1837, whether in England or in India. This Compilation comprising the periods of Service of 15,000 Officers, is derived from authentic sources, and has been prepared with scrupulous care.

'We have now before us a specimen of the labour of these Gentlemen, and as a work of information to the Indian Army, as regards their relative Promotions and Retirement, (but particularly at this time when the plan for revising the Retiring Regulations of the Military Service is engrossing so much attention in India) as well as a book of reference to the names of Officers for these last 80 years, who had died, retired, or been killed in Action, as well as the several Promotions of those now in the service, it is equally replete with interest. The guarantee which the public have for the correctness of this work is, that the Compilers held for many years important situations in the Military Department of the East India Company's Home Service, and necessarily became conversant with the means of furnishing materials for this work.'—*Sunday Times*, Nov. 12, 1837.
